Description

Up the Creek Soundtrack Cheap Trick Heart CD

Here we have the Soundtrack to the Movie "Up the Creek". This soundtrack is getting hard to find and boy does it ROCK...Cheap Trick, Heart, Kick Axe and Shooting Star are at their best!! This soundtrack was done by Spencer Proffer at his Sound Studio during his heyday of the 80's. A note for Kick Axe fans: Randy Bishop who would a year later produce AND co write most of the songs on Kick Axe's Welcome to the Club album co-wrote half the songs on this thing and performs one himself. If you've been looking for this soundtrack this is your lucky day. Entire package including what you see and 4 page booklet are in EXCELLENT condition. Please before emailing me with questions first check out the frequently asked questions section of my about me page. Just click on the about me icon next to my user id above to get there...Thanks! US bidders have choice of Priority or 1st Class Mail. I NEVER charge a handling fee and I pay for Delivery Confirmation. International bidders welcome. I accept Money Orders, Well-concealed US cash and PayPal. Thanks for looking and Happy Bidding!!!

Payment and Shipping

ATTENTION ALL BUYERS

Due to more and more malicious people on eBay who don't pay and/or leave false negative feedback I can no longer afford to be as "nice" as in the past. To protect myself all purchases now require

IMMEDIATE PayPal Payment

Once you purchase the item eBay will automatically take you through the entire payment process.

(This will help me stop non-payers because until the PayPal payment is completed the purchase is not completed).

If you are unable to pay immediately or want to pay by US cash or a money order please email me by clicking [HERE](#) and let me know so I can waive the immediate payment requirement for you.

Please Note: To have the immediate payment requirement waived you must have some kind of transaction completion history on eBay.

If you do not have a transaction completion history due to being a new eBay member please email me by clicking [HERE](#) so we can work something out.

Let me stress again that the non-payers and troublemakers know who they are and it is THOSE people I'm trying to avoid so PLEASE don't feel intimidated by these requirements. Thank You!!
